NIGHT OF THE CONCERT

- ★ At the end of the performance, we ask for your patience so that we can assure the safety of all children. The students will line up with their class teachers outside the church. Each teacher will have a class list and will need to tick each individual child off once a parent has been seen.
- ★ A BBQ will be provided for all members of the community immediately following the performance.
- ★ Participation in the Christmas performance is an expectation for all students. However, if you know that due to circumstances out of your control, your child will be unable to attend, please inform the class teacher as soon as possible to aid us in our preparations.

We are very much looking forward to an amazing night and we thank all those who have been instrumental in ensuring a wonderful opportunity for the children to perform.
